COMPILED OCTOBER 2026

> Independent, unsponsored research. Not an endorsement. Please read the notes on the next page and verify everything before hiring.

Before you read

Please read this page first. This guide is a starting point for your own research – not a list of approved or recommended agencies.

1. **Independent compilation.** This guide was compiled by alphabetamumma from publicly available sources (agency websites, Google Maps data, Justdial, Sulekha and other directories and review sites) as they stood in October 2026.
2. **Not sponsored.** It is NOT sponsored, paid for, affiliated with or endorsed by any agency. alphabetamumma receives no commissions, and there are no affiliate links.
3. **Not a recommendation.** Inclusion in this guide is not a recommendation or endorsement, and exclusion is not a criticism. 'Strongest public ratings in our research' only describes the ratings we found.
4. **Third-party opinions.** Ratings and review quotes are third-party opinions, reproduced for information only. They may be outdated, incomplete or inaccurate, and some could not be verified.
5. **Details change.** Contact details, prices and services may have changed since they were checked. Always confirm directly with the agency.
6. **Not vetted by us.** alphabetamumma has not personally used, vetted, inspected or audited any of these agencies or their workers.
7. **General information only.** This document is general information. It is not professional, legal or safety advice.
8. **Your decision, your responsibility.** Readers use this guide entirely at their own discretion and risk, and are solely responsible for their own due diligence and hiring decisions.
9. **No liability.** alphabetamumma accepts no liability for any loss, damage, dispute or harm arising from use of this document or from dealings with any agency or worker.
10. **Corrections welcome.** Agencies wishing to request a correction or removal can do so. Corrections or removal requests: DM @alphabetamumma on Instagram.
11. **Trademarks.** All business names and trademarks belong to their respective owners.

> **In one line:** independent, unsponsored research by alphabetamumma – not an endorsement. Please verify everything yourself before hiring.

How to use this guide

1. **Start with the shortlist** – the six agencies with the *strongest public ratings in our research* (good scores with a meaningful number of reviews on a source we could load). This describes ratings only; it is not an endorsement.
2. **Then browse by category** – nanny/babysitter/japa agencies, house help/maid agencies, on-demand apps, and nursing/elder-care providers – listed alphabetically.
3. **Tap to contact** – phone numbers, emails and websites are clickable. Websites shown as plain text were not reachable (or not checked) when we looked.
4. **Do your own checks** – use the hiring-safety checklist before you pay or hire anyone.

Verification labels

Verified	Website loaded and contact details seen on the agency's own site; a rating source page loaded on the check date (21 Oct 2026).
Partly verified	Some details were live-checked, but others come only from search snippets or directories, or are missing.
Unverified	Details come only from search-engine snippets or third-party directories (e.g. Justdial/Sulekha listings) – nothing confirmed on a live official page. Treat with extra care.

Where the ratings come from

mirror	**Google** ratings: Google Maps could not be queried directly, so figures come from a public mirror of Google Maps data (the page loaded). Treat as approximate and possibly a few weeks old.
snippet	**Justdial, Sulekha** and some others blocked our access, so figures were read from search-engine snippets. Unverified.
self-reported	Shown on the agency's own website; not independently confirmed.
page loaded	Read from a third-party directory page that loaded on the check date.

Review quotes are reproduced verbatim from the named platform; "…" marks trimmed text and individual names have been removed. Reviewers are not named. Ratings are shown as score★ (number of reviews). Missing information is marked "not available". Some listings found during research were left out because they were outside Bangalore, duplicates, a different type of business, or had no verifiable contact details.

Strongest public ratings in our research

These six had the strongest public ratings with a meaningful review count on a source we could load. Every agency still receives critical reviews – both sides are shown. This is not an endorsement.

Hiring safety checklist

General guidance collected for parents – not legal advice. Rules and processes change; check current requirements with your local police station.

Verification & identity

- ☐ Get police verification done for every domestic worker – via your local police station and Bengaluru City Police's domestic-help/servant verification process, or the Karnataka State Police (KSP) app.
- ☐ Check original Aadhaar or other government photo ID and keep self-attested copies.
- ☐ Verify the worker's current and permanent address (ask for a utility bill or rental agreement, and confirm it).
- ☐ Call at least two previous employers yourself – don't rely only on references the agency summarises.
- ☐ Meet the worker in person or on a video call before they start; ask about experience with babies/children of your child's age.

Agency & money

- ☐ Check the agency's business registration / GST number and that its office address actually exists.
- ☐ Read the latest reviews yourself on Google, Justdial and Sulekha – sort by 'newest' and read the critical ones too.
- ☐ Insist on a written agreement covering salary, working hours, weekly off and leave, replacement policy and refund terms.
- ☐ Never pay a large advance. Ask exactly what any registration or service fee covers, and whether and when it is refundable.
- ☐ Pay through traceable methods (UPI/bank transfer) and always get receipts or GST invoices.
- ☐ Ask for a trial period, and clarify what happens if the worker leaves early.

Childcare & newborn safety

- ☐ For childcare and newborn (japa) roles, ask for a recent health check – including TB screening – and confirm vaccinations.
- ☐ Ask about first-aid / infant CPR awareness; consider arranging a short course yourself.
- ☐ Supervise the first days or weeks closely; work from home or have a family member present if you can.
- ☐ Write down house rules: feeding, sleep, screen time, visitors, phone use, outings and medicines.
- ☐ Share emergency contacts (parents, family, neighbour, paediatrician, nearest hospital, police 112) and keep them on the fridge.
- ☐ If you use CCTV, tell the worker openly and use it lawfully and respectfully – not in private spaces such as bathrooms or their room.

Home & records

- ☐ Keep valuables, cash, jewellery, documents and spare keys locked away and not accessible.
- ☐ Keep copies of the agreement, ID, police-verification acknowledgement, payment receipts and agency communication.
- ☐ Treat workers fairly: agreed rest days, timely pay and at least the applicable legal minimum wage.
- ☐ If you face fraud, report it promptly: call the national cybercrime helpline 1930 or use cybercrime.gov.in for online/payment fraud, and file a complaint at your local police station.
